

David Bernal, MD

INTERNAL MEDICINE & GERIATRICS

I joined CareMore Health in 1998 with the hopes of helping the Hispanic community in the Pico Rivera area. I grew up in East Los Angeles where students had little access to pursuing professional or postgraduate degrees, so a career in the medical field was a dream for me. Visiting my family in Mexico increased my desire to provide state-of-the-art care for those with language barriers. In my free time, I enjoy playing tennis, pickleball and racquetball along with fishing and spending time with my family. In addition, I volunteer for a variety of church and community-based activities.

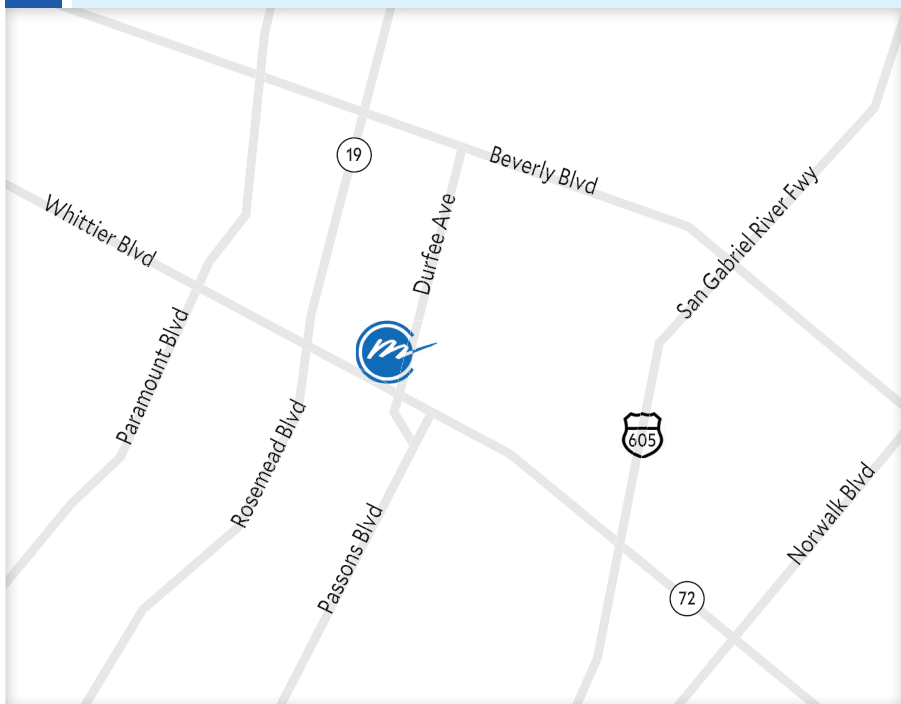

Education: Bachelor's degree in Biology from USC
Medical degree from the Medical College of Wisconsin

Residency: UCLA Martin Luther King Junior Medical Center

Office Languages: English, Spanish

“ I enjoy spending quality one-on-one time with my patients, serving multigenerational family members, teaching patients to advocate for themselves and referring patients to our outstanding specialists. ”

To schedule an appointment with Dr. Bernal, call his convenient location:

4941 S Durfee Ave
Pico Rivera, CA 90660

562-908-3988
