

# Melvin Coats, MD

## PRIMARY CARE PHYSICIAN

I decided to pursue a career in healthcare because I enjoy the aspect of scientific problem solving, and I can serve the community that I was raised in. I've been working in healthcare since 1988, and I've been with CareMore Health since 2004. I like that CareMore works as a team to ensure the best healthcare delivery for our patients. When I'm not helping patients in the Whittier community, I enjoy nature and fishing.
